 **Program Details** 

To have professional instruction and coaching without match play is like learning how to cook, but not having the opportunity to experiment and gain experience in the kitchen! Drumlins Tennis Club believes that a large percentage of a player's progress comes from well designed match play. This does not mean that a player should participate in USTA and/or highly competitive tournaments before they are technically, physically and mentally prepared, but match play, in a controlled, positive, home court environment is a **MUST** to develop juniors. In our Academy Match Play program each player will learn how to; develop points properly, create and execute strategy, control their emotions, play within themselves while learning when to take risks and much more. Players will be taught the importance of true sportsmanship, confidence, gained through achievement, and how having goals, discipline, and a willingness to learn will develop character.
